

## **BACKGROUND**

Standards of dress should ensure an atmosphere conducive to learning.

Consistent with its belief that each student is a unique individual, Westmount does not support a school uniform.

The Superintendent delegates to the Principal the responsibility for establishing and enforcing a Student Dress Code.

## **PROCEDURES**

1. The Principal shall develop a Student Dress Code in consultation with staff and School Council.
2. The dress code shall be reasonable and respectful of the diverse cultural and socio-economic background of the student population.
3. Any violations of this policy will be addressed in accordance with administrative procedures.
