

Westmount's School bus monitoring system Remote Delay Notification

To be notified on your cell phone or e-mail of School bus delays on your child's school bus route by the "Yourschoolbus" web site. Open a web browser like MS Internet Explorer. Enter www.yourschoolbus.com in the address field and hit "Enter" or click on "GO"

When the screen below appears, Enter "wcssubscriber" in the username field and "signup" in the password field.

See the next page:

Sign-up page for text to Cell and/or E-mail notification of bus delays. Please have your route number, cell number, and e-mail address ready. You can choose either cell phone notification or e-mail notification or both options by clicking in the appropriate box or boxes below. Then click on "submit"

The screenshot shows a web browser window titled "Bus Delay System - Main - Microsoft Internet Explorer provided by Southland Transportation Ltd.". The address bar shows "http://www.yourschoolbus.com/register.asp". The page content includes a header "SOUTHLAND - WCS DYNAMIC BUS SCHEDULE" and a sidebar with "Options" (Register, Edit Your Registration, Identifier Retrieval). The main content area is titled "Complete the following" and contains instructions for signing up for bus delay notifications. It includes a form with fields for "10 Digit Cell Number (4031111111)", "Provider" (dropdown menu), "Bus Route" (dropdown menu), and "Contact Email Address". There are checkboxes for "Email" and "Text Messages" under "Send Messages To:", and a "Submit" button. The footer of the page reads "Robert Pegg Inc ©".

You can edit your information after sign-up. You will be sent your identifier code on your cell or e-mail account or both.

You can retrieve your identifier by providing your e-mail address to send it to you or you cell number to receive it by text on your cell.
