TRAFFIC FLOW FOR BUSES AND CARS AROUND WESTMOUNT CHARTER SCHOOL

From the Westmount Transportation Handbook 2006-07:

4.0 PARENT PARKING AND TRAFFIC FLOW

The vehicle flow in and around our school was developed to optimize both the safety of your children and your driving convenience. Please adhere to the following traffic directions:

4.1 BUSES

- Buses will load and drop-off along east side of rear parking lot behind the school (parallel to Crowchild Trail)
- All elementary students are to exit southeast recess doors #2 ONLY for buses
- All mid- and high school students are to exit southeast courtyard door #10 ONLY for buses
- Students will be directed across pedestrian crossings by volunteer and/or staff monitors
- Students must respect and adhere to exit directions at all times
- Students and parents must NEVER walk between buses

4.2 CARS

- Utilize the Richmond Road pick-up, drop-off zone immediately in front of school or adjacent streets only to drop-off/pick-up child by car
- Do NOT drop-off or pick-up children in the rear parking lot at anytime. The rear lot is for Chinook Learning Services, Westmount staff and bus use only
- Observe the 30 km speed zone around the school
- Please park in designated street parking zones and attend to neighbourhood parking restrictions and time limits
- City traffic enforcement officers around the school are vigilant. Parking in non-designated areas will likely result in a city parking ticket

School Safety Patrols continue to patrol the crossing at Richmond Road and 25th Street in front of the school. Please respect the efforts and directions of our School Safety Patrollers. A directional map is on the Westmount website under Our School/Transportation.
