"School Council provides funds to support field trips. These field trips give elementary students real-world experiences that go beyond what they learn in the classroom. These opportunities spark curiosity and allow our gifted learners to make connections between classroom learning and the world around them."

"We are so grateful for the incredible support our classroom receives from Westmount's School Council each year. Their contributions continue to make a meaningful impact on our learning community - from purchasing essential classroom supplies for hands-on activities, to providing materials that spark creativity during art projects, to helping fund field trips that offer authentic, lifelong learning experiences for students. Their generosity enriches our classroom in countless ways, and we deeply appreciate all they do for our Westmount community and students!"

"Parent donations are huge for our students and the overall school community. Not only do the funds aid in enriching experiences such as labs and classroom activities, getting to spoil our students with things like pizza parties or Timbits allows us to spread some joy and smiles for everyone. Thank you so much."

Grade 8 Teacher

"Having worked at other schools, I can say that this level of parental support makes an enormous difference. Not only does it give me the freedom to access supplies that enhance the learning experiences I can offer my students, but it also gives me a personal sense that our community truly values the work we do. It's definitely one of the things that makes Westmount such a great place for both staff and students."
